# A Care Taker of Agriculture and Environment

## "MARTIGNANI" ELECTROSTATIC SPRAY DEVICE

The **FIRST** to be produced in EUROPE (1981) and the **ONLY ONE** tried and tested in ITALY and ABROAD with phytotherapeutic results.

Already established in farming practice with thousands of vine and fruit-growers throughout the world, this device represents one of the most important contributions towards progress in research into new solutions able to optimize application techniques. Numerous tests have shown that it can **REDUCE LOSSES THROUGH DRIFTING** by 85%. On request, it can be applied to the entire "MARTIGNANI" mist blowers range.
